Policy Code	CFP001.01
Person Responsible	Director
Status (Draft/Released)	Released
Date Last Updated	16 March 2020

1.0 PURPOSE AND SCOPE

This policy and procedure sets out how any person can provide feedback and make complaints about any aspect of Let's Talk Let's Eat Speech Pathology's operations and the process of addressing or responding to feedback and complaints.

This policy and procedure applies to the Director, staff, students, contractors and volunteers and all potential and existing clients, their family members and other supporters. The policy also applies to other service providers, government agencies and members of the community.

2.0 DEFINITIONS

Compliment – an expression of praise, encouragement or gratitude about an individual staff member, a team or a service.

Complaint – an expression of dissatisfaction made to or about an organisation, related to its products, services, staff or the handling of a complaint, where a response or resolution is explicitly or implicitly expected.¹

For the purpose of this policy and procedure, a complaint is defined as an issue of a minor nature that can be resolved promptly or within 24 hours, and does not require a detailed investigation. Complaints include an expression of displeasure, such as poor service, and any verbal or written complaint directly related to the service (including general and notifiable complaints).

General complaint – addresses any aspect of the service e.g. a lost clothing item or the service's fees. The complaint must be dealt with as soon as is practicable to avoid escalation of the issue.

Grievance – a formal statement of complaint that cannot be addressed immediately and involves matters of a more serious nature e.g. the service is in breach of a policy or the service did not meet the care expectations of a family.

Complaints Management Process

- Let's Talk Let's Eat Speech Pathology's complaints management process can be simplified into five steps:
 - Receive;
 - Record;
 - Acknowledge;
 - Resolve; and
 - Communicate resolution.

1. Receive

- To lodge a complaint, individuals are encouraged to speak directly to a staff member first, in an attempt to resolve the matter without recourse to the complaints and grievances procedures.
- Staff will:
 - Listen – openly to the concerns being raised by the complainant.
 - Ask – the complainant what outcome they are seeking.
 - Inform – the complainant clearly of the complaint process, the time the process takes and set realistic expectations.
 - Be accountable – and empathic towards the affected person and action all commitments made.
 - Assess – situations that pose an immediate threat or danger, or require a specialised response.
- All complaints and grievances will be referred to the relevant supervisor (or Director) for resolution.
- The relevant supervisor will discuss minor complaints directly with the party involved as a first step towards resolution.
- If the complaint cannot be resolved promptly or within 24 hours, the Director will treat it as a grievance (advising the individual of their right to lodge a grievance if they have not already done so, with the assistance of a support person or advocate if they wish).
- A *Feedback and Complaints Form* will be made available to the individual to lodge their grievance, however it is not mandatory that they use the form. The *Feedback and Complaints Form* can be used to make anonymous complaints.
- Grievances can be lodged:
 - directly with a staff member, either verbally or by providing a completed Feedback and Complaints Form;
 - by email to: admin@LTLE.com.au
 - by phone on 0490 894 427; or

- in writing to: PO Box 126 Wavell Heights QLD 4012
- All clients making a complaint will be encouraged to use an advocate of their choice to act on their behalf if they wish. The advocate may be a family member or friend, or sourced (with the assistance of a staff member if required) through the National Disability Advocacy Program.
- If a complaint alleges actual or possible criminal activity or abuse or neglect, it will be referred to the Director immediately. The Director will follow the *Incident Management Policy and Procedure*, reporting the complaint and working with the relevant authority to investigate the allegation.
- Staff will take all reasonable steps to ensure a complainant is not adversely affected because a complaint has been made by them or on their behalf.

2. Record

- The Director will:
 - Record – all information that is relevant to the compliment or complaint, in its original and simplest form, in the *Complaints Register*.
 - Store and protect – the *Complaints Register* in a secure file, accessible only to the Management Team.

3. Acknowledge

- The Director will:
 - Acknowledge – receipt of the grievance within 2 working days to build a relationship of trust and confidence with the person who raised the complaint.
 - Provide anonymity – a person may request to remain anonymous in their lodgement and therefore contact may not be possible or expected.
 - Seek desired outcomes – provide realistic expectations and refer the matter to other organisations where identified as being more suitable to handle.
 - Avoid conflict of interest – by appointing a person unrelated to the matter as an investigator if necessary.
 - Provide timeframes and expectations – to the complainant where possible.

4. Resolve

- In resolving a complaint or grievance, the Director will:
 - Involve the complainant – keep them informed of the progress of the complaint and discuss any disparities identified in the information held;
 - Request additional information – when required but apply a timeframe that limits when it is to be provided by;
 - Consider extensions – only where necessary and always communicate any additional time requirements to the complainant with an explanation of the need;
 - Record all decisions or actions of the complaint investigation in Let's Talk Let's Eat Speech Pathology's Complaints Register; and
 - Focus on the identified complaint matters only. A complaint is not an opportunity to

review a whole case.

- Investigation of complaints will not be conducted by a person about whom a complaint has been made. If required, the Management Team will determine the appropriate person to undertake the investigation.

5. Communicate resolution

- Let's Talk Let's Eat Speech Pathology will respond to all complaints and grievances as soon as possible and within 28 days from acknowledgement.
- If a complaint or grievance cannot be responded to in full within 28 days of acknowledgement, an update will be issued to the complainant. The update will provide the date by which a full response can be expected. The update should be provided verbally in the first instance then confirmed in writing.
- The Director (or delegate) will:
 - Discuss the outcome – where possible, verbally with the complainant before providing written advice and allowing them the opportunity to make further contact following receipt of the written advice.
 - Include information on recourse – further action available to the complainant at the conclusion of the complaint investigation. An action of recourse may be to escalate the matter further with an external agency or for a further review within the organisation.
 - Provide a further review – to enable the first investigation to be reviewed for soundness and allow additional information not available in the first complaint to be included.
 - Identify opportunities – relay complaint outcomes to the appropriate area within the organisation for action to improve service delivery.
 - Seek Feedback – from the complainant regarding their experience of the complaints process.

Procedural Fairness

- Procedural fairness:
 - is impartial;

- requires a response proportionate to the complaint, accusation and likely remedial action;
- ensures that a complainant or participant is not disadvantaged by the complaint or the process of resolving a complaint;
- ensures that persons who are likely to be adversely affected by a complaint process are given the opportunity to present their views and have them heard.
- Procedural fairness must be afforded to a person if their rights or interests may be adversely or detrimentally affected in a direct and specific way. In those circumstances:
 - the person must be given notice of each prejudicial matter that may be considered against them;
 - the person must be given a reasonable opportunity to be heard on those matters before adverse action is taken, and to put forward information and submissions in support of an outcome that is favourable to their interests;
 - the decision to take adverse action should be soundly based on the facts and issues that were raised during that process, and this should be apparent in the record of the decision, and
 - the decision maker should be unbiased and maintain an unbiased appearance.
- The precise requirements of procedural fairness can vary from one situation to another. The required steps can vary according to:
 - the nature of the matter being dealt with;
 - the options for resolving it;
 - the time-frame for resolution;
 - whether facts in issue are in dispute;
 - the gravity of possible findings that may be reached; and
 - the sanctions that could be imposed based on those findings.

NDIS: Complaints Escalation and Dispute Resolution

- If a complainant remains dissatisfied with the outcome of their complaint or grievance they will be provided with the details of other agencies they can use to assist them to achieve a resolution.
- Escalated complaints will be tracked in the *Complaints Register* in the same manner as other complaints and the same communication processes as outlined above will be applied.
- Where clients feel uncomfortable using Let's Talk Let's Eat Speech Pathology's internal complaints process or want to complain about the Director or the service in general, they may lodge complaints directly with the NDIS Quality and Safeguards Commission.

 - What information did the complaint provide that will allow you to identify and improve those services, policies and procedures and your organisation as a whole?
 - How effective was the communication with the complainant, any affected

participants, affected staff and other stakeholders?

- Do people using your services, their families, carers and friends require more or improved information about their rights and the complaints process?
- Does the person who made the complaint feel more comfortable about speaking up in the future?
- Does anything need to change in your complaints handling system or approach to dealing with complaints?
- Do staff require further training?
- Did the handling of the complaint reflect the stated values and expectations for complaint handling? Or, was the complaint perceived as something negative that needed to be dealt with as quickly as possible?
- The Complaints Register will be reviewed annually, as per the Internal Review and External Audit Schedule, in order to:
 - identify and resolve systemic issues raised through the complaint's management and resolution process;
 - identify problems within the complaint's management process itself;
 - inform the continuous improvement process.
